

EAN:	4013288178367	**Size:**	325x145x65 mm
Part number:	05135928001	**Weight:**	1492 g
Article number:	Kraftform Kompakt M1 Metall	**Country of origin:**	CZ
		Customs tariff number:	82041100

- Incredibly fast Zyklop Speed ratchet with pivoting ratchet head and 5 predefined locking positions
- Manual and power tool sockets (non-impact) with ball-stop groove and knurling at lower end for more grip
- Multi-component Kraftform handle of the bit holder for fast and ergonomic screwdriving
- Comprehensive accessories such as bits, drill bits, screw gripper and single-pole phase tester
- Set in robust textile box

Compact tool set with the 39 most important screwdriving tools for jobs on metal. Includes the incredibly fast ¼" Zyklop Speed ratchet and accessories; 7 manual and power tool sockets, sizes 5.5-13, 1 universal bit holder; 13 bits in a length of 89 mm; 6 metal twist drill bits with diameter of 3-10 mm; 1 screw gripper for firmly holding screws; 1 single-pole phase tester 247; textile box, very robust and durable; can be positioned upright in the workshop shelf for convenient storage; additional surface protection thanks to the textile outer material; low weight and volume for simplified mobility.

WERA 2GO COMPATIBLE

Special sets

Kraftform Kompakt user ranges - the new special sets - compact yet very versatile. Suitable for all sanitary, wood, metal or electrical applications.

Kraftform Kompakt M 1 Metall

Compact tool set with the 39 most important screwdriving tools for jobs involving metal.

Zyklop “6 in 1”

1. Fine-tooth ratchet 2. Flex-head ratchet 3. Angle ratchet 4. Quick-release ratchet 5. Power ratchet 6. Screwdriver

Fast movers

The Zyklop Speed ratchets are really fast movers. The gyrating mass design means that screwdriving is accelerated. The rotation-symmetric structure of the Kraftform handle and the free-turning sleeve reinforce this rapid twisting process, particularly when the ratchet does not engage due to too little resistance in the thread.

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.

Combination drill bits

Combination drill bits
Application: Core-hole drilling, tapping and deburring in one operation
1/4" drive suitable for holders as per DIN 3126-D 6.3 (ISO 1173)
Hexagon shaft for very high torque transfer
HSS = high speed steel
Finely adjusted material elasticity for long service life
Excellent centring properties
Straightforward cutting
Perfect chip removal
Low jamming risk
Precise return control

Handle/interchangeable blade system

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Textile boxes

The textile boxes offer dramatically improved portability, and are space-saving to boot! This means you can now carry the same collection of tools, in a much more compact and comfortable package. The hassle of running back and forth for the right tools has now become a thing of the past. And the much lower weight of a set makes carrying more convenient than ever before. The textile box including the tool will even survive a fall undamaged.
