VDE flush-mounted device boxes

Standard packaging

Flush-mounted device boxes are designed for installing electrical devices in masonry. They can also be used as junction boxes by fitting a universal cover. They securely accommodate sockets, switches, network outlets and other built-in devices, ensuring firm installation in the wall in accordance with the applicable standards. The boxes have metric entries and connecting spigots on both sides for joining adjacent boxes.

VDE ✓ | CE ✓ | halogen free | silicone free | IP20 | Max. 650°C | PS | RAL 9005

HEIGHT IN MM	Ø IN MM	PACK QTY	CTN QTY	PALLET	ARTICLE NO.
42	60	25	450	5,400	305042
62	60	25	300	3,600	305062

The device boxes have 4 screw bosses and can be connected to one another.
