

EAN:	4013288229991	**Size:**	202x82x80 mm
Part number:	05006613001	**Weight:**	615 g
Article number:	Kraftform Kompakt VDE 18 Universal 1 Tool Finder	**Country of origin:**	CZ
		Customs tariff number:	82054000

- VDE-insulated Kraftform 817 VDE bladeholding screwdriver with anti-roll protection
- VDE blades (157 mm length) with practical spinning function, anti-roll protection and Take it easy tool finder: colour coding by profile and laser-engraved size indication
- Individually tested tools as per IEC 60900
- In a robust folding pouch
- Compatible with Wera 2go

One 817 VDE Kraftform bitholding screwdriver, 12 VDE blades with Take it easy Tool finder: Colour coding by profile and laser-engraved size indication - for quick and easy identification of the required tool, 4 control cabinet keys, one single-pole phase tester. Individually tested at 10,000 V for safe working at the approved voltage of 1,000 V. In a robust belt pouch. The textile box features a fleece zone at the back. Using the provided self-adhesive hook-and-loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.

Why is the right tool so often missing at the workplace? The reason: too many tools and overly-heavy tool bags can make it bothersome to carry keep them with you. So for us it was a clear challenge: to develop a tool that is suitable for a whole host of applications and can be easily taken along to the workplace. Our solution: Kraftform Kompakt tools. A handle into which blades with a range of different profiles can be inserted. Compactly and protectively housed in a light and robust textile pouch - and they are even VDE-tested, too.

Individually tested

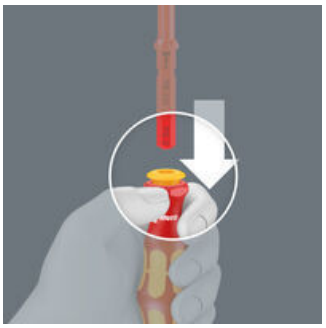

Each Kraftform Kompakt VDE set has been tested individually at 10,000 volts, in accordance with IEC 60900.This ten-times-higher testing load guarantees safe working at their maximum permitted load of 1,000 volts.

The handle/blade system – Kraftform Kompakt VDE

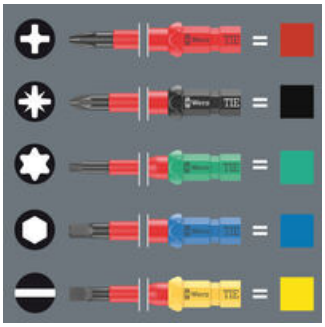

The handle/interchangeable blade system allows rapid exchange of the blades required for a wide range of applications.

Easy change

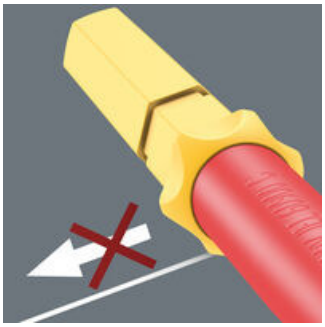

The Kraftform Kompakt VDE blades can be replaced simply by pulling down the yellow ring on the handle.

Take it easy

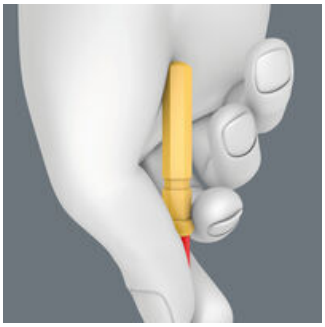

The Kraftform Kompakt VDE blades are equipped with the Take it easy tool finder. Colour coding by profile and laser-engraved size indication make it easy to identify the required tool quickly.

Hexagonal anti-roll feature against rolling away

The Kraftform Kompakt blades come with an anti-roll protection. The hexagonal shape hinders the blade from rolling away annoyingly at the workplace.

Fast turning

The palm of your hand is comfortably supported on the rounded shape of the rear end of the blades. This allows quick spinning of the blade and accelerates the screwdriving process.

Storage and transport

Storage and transport in a robust textile pouch, so the tools are well protected and always close at hand.
