

EAN:	4013288225276	**Size:**	165x60x9 mm
Part number:	05073202001	**Weight:**	15 g
Article number:	9507 SB 4-in-1 Bit 2	**Country of origin:**	CZ
		Customs tariff number:	82079030

- Innovative, extremely compact quadruple bit - only one bit for four different screw sizes
- Suitable for hexagonal socket screws sizes 2.5; 5.0; 6.0 and TORX® screws TX 25
- Tough for hard materials
- 1/4" hexagon drive (Wera connecting series 1)

Four different screw profiles (hexagonal socket screws sizes 2.5; 5.0; 6.0 and TORX® screws size TX 25) can be operated with just one bit. The enormous space savings make the bit perfect for mobile use. Significant weight savings of over 50 %. The operability of the large profiles is made possible by the spring compression of the small tips. The bit with a 1/4" hexagon drive (Wera connection series 1) can also be used with e.g. bit ratchets and bitholding screwdrivers with Rapidaptor.

The 4-in-1 bit 9507

Three sizes of hexagonal socket screws (2.5; 5.0; 6.0) and one size of TORX® screws (TX 25) can be operated with the 4-in-1 bit 9507. In order to use the larger profile, continuously press against the spring tension while screwdriving so that the smaller profile is countersunk and the larger profile can be used.

Tough bits

Tough Wera bits prevent the tip from breaking prematurely. Z-bits usually are the bit for universal screwdriving applications.
