Zyklop Mini

Compact Tool-Check

The set offers 38 tools in an extremely space-saving box. The Tool-Check is made of premium plastic, guarantees neat arrangement, quick access to the required tools and secure transport - no risk of losing tools!

Safely stored

The green locking components of the Tool-Check secure the tool reliably during transport. At the same time, they are easy to operate and allow quick access to the tools.

Ideal for working in confined spaces

With their extremely compact design, the Zyklop Mini ratchets are particularly suitable for all hard-to-reach applications.

High power transmission

The Zyklop Mini ratchet can withstand at least 65 Nm, which is far more power than you can normally transfer to such a small tool.

The Zyklop Mini

The fine tooth mechanism, with its 60 teeth, allows a small return angle of only 6° - ideal for precision work.

Reversible clockwise/counterclockwise

With the ergonomically placed reversing lever, the bit ratchet can be easily switched from clockwise to counterclockwise screwdriving.

Rapid screwdriving

High working speeds can be attained with the Zyklop Mini bit ratchet. The thumb wheel is important, enabling more rapid screwdriving, and the lever of the Zyklop Mini only needs to be used for the final tightening of the screw.
