## **Future-proof solutions for industrial electronics for** mounting in the control cabinet

Electronichousings are crucial for the integration of electronic assemblies in the control cabinet. They protect sensitive components and ensure reliable connections. Thanks to high-quality materials, they offer long-term solutions for industrial applications.

#### Your advantages:

Flexibility: Scalable solutions for different requirements Safety: Robust design to protect your electronics Efficiency: Simple installation and optimized connection technology

### Housing solutions for every application:

Our portfolio includes modular housings (e.g. CH20M), small housings and profile housings designed for control, signal conversion and safety applications. These housings offer customizable designs, easy mounting and high connection capacity.

#### **Customization:**

In addition to standard solutions, we offer customization in design, color and printing. The Weidmüller Configurator enables individual design.

#### Our service:

We offer expert advice and technical support for your projects. In the download area you will find CAD data, data sheets and installation instructions for efficient integration.

#### General ordering data

| Version    | Electronics housing sample, OMNIMATE Housing - series CH20M black, Reference product CH20M12 housing, completely mounted, including 4 socket connectors, mounted, Enclosure set, Connection technology, Width: 12.5 mm |
|------------|--|
| Order No.  | <u>1111630000</u>  |
| Туре       | SAMPLE CH20M12 2/2 ASSEMBLED   |
| GTIN (EAN) | 4032248889945  |
| Qty.       | 1 pc(s).   |

# Technical data

| Dimensions    | and weights |
|---------------|-------------|
| DIIIIGIISIUIS | and weights |

| Depth  | 114 mm   | Depth (inches)  | 4.488 inch |
|--------|----------|-----------------|------------|
| Height | 117.2 mm | Height (inches) | 4.614 inch |
| Width  | 12.5 mm  | Width (inches)  | 0.492 inch |
| Length | 0 mm     | Net weight      | 101.3 g    |

#### **Temperatures**

| Installation temperature | Humidity    | 5 - 93% rel. humidity, Tu = |
|--------------------------|-------------|-----------------------------|
| •                        | -25 °C85 °C | 40°C, no condensation       |

#### Rated data acc. to IEC

| tested acc. to standard   |                        | Rated current, max. number of poles                                   |       |
|---|------------------------|---|-------|
|   | IEC 60664-1, IEC 61984 | (Tu=20°C)   | 10 A  |
| Rated current, max. number of poles (Tu=40°C)                             | 9 A                    | Rated voltage for surge voltage class / pollution degree II/2         | 400 V |
| Rated voltage for surge voltage class / pollution degree III/2            | 320 V                  | Rated voltage for surge voltage class / pollution degree III/3        | 250 V |
| Rated impulse voltage for surge voltage class/ pollution degree II/2      | 4 kV                   | Rated impulse voltage for surge voltage class/ pollution degree III/2 | 4 kV  |
| Rated impulse voltage for surge voltage class/ contamination degree III/3 | 4 kV                   | Clearance, min.   | 3 mm  |
| Creepage distance, min.   | 3.2 mm                 |   |       |

### **Material data**

| Comparative Tracking Index (CTI) | 400 ≤ CTI <600 | Insulating material       | PA 66 GF 30          |
|----------------------------------|----------------|---------------------------|----------------------|
| Insulating material group        | II             | Material                  | Plastic, PA 66 GF 30 |
| Surface finish                   | untreated      | UL 94 flammability rating | V-0                  |

#### **General data**

| Colour               | black | Colour chart (similar) | RAL 9011 |
|----------------------|-------|------------------------|----------|
| Encapsulation option | No    | Protection degree      | IP20     |

## **Design - IN requirements**

| PCB thickness                        | 1.6 mm   | Tolerance for the PCB shape | ±0.1 mm |  |
|--------------------------------------|----------|-----------------------------|---------|--|
| Tolerance of circuit board thickness | ±0.15 mm |                             |         |  |

#### **Assembly properties**

| Number of connection levels    | 3             | Number of PCBs, max.   | 1                         |
|--------------------------------|---------------|------------------------|---------------------------|
| Number of ventilation openings | 0             | Number of poles        | 8                         |
| Cross-connection               | No            | Type of contact to PCB | Solder connection, direct |
| Type of connection             | Clamping yoke |                        |                           |

#### **Housing properties**

| Flip cover mountable        | Yes      | Marker integrateable                       | Yes |  |
|-----------------------------|----------|--|-----|--|
| Safety lock                 |          | Cut out as preperation for functional port |     |  |
|                             | sealable | integrated                                 | No  |  |
| Color of clip-on foot       | orange   | Cross-connection                           | No  |  |
| Number of connection levels | 3        | Number of poles                            | 8   |  |
