

Surface-mounted frame for LED panel 62x62 cm white

Article Number: WS0000015-620

Product Description

The high-quality surface-mounted frame for LED panel 62x62 cm allows easy installation of LED panels on ceilings and walls without the need for recessed mounting. Ideal for rooms without suspended ceilings, the sturdy metal frame offers an elegant solution for modern LED lighting. Thanks to its slim design, the LED panel frame blends seamlessly into offices, clinics, shops, or residential spaces. With the mounting frame 62x62 cm, you can install your LED panel safely, quickly, and with a clean appearance.
