Tunnel terminal 1-pole, 4x16²

PVK 416

PVK 416

Tunnel terminal 1-pole, 4x16²

Productnumber: 59341601
Dimensions: 30 x 30,5 x 42,3 mm

Potential multiplication terminal, with 4 screwable clamping points 6 - 16 mm² CU

Created at 04.06.2026. All statements without guarantee. We reserve the right to make improvements to technical progress.

Technical Data

electrical characteristics

Number of poles:	1
Connection 1: Suitable for Cu conductors:	1
Connection 1: Connectable conductor cross-section, single-wire (min):	6 mm²
Connection 1: Connectable conductor cross-section, single-wire (max):	16 mm²

Dimensions

Width:	30 mm
Length:	30.5 mm
Height:	42.3 mm
Weight:	0.0711 kg
