

The technopolymer plates, available in two different shapes, Top System and Virna, and in 14 colour shades are the ideal solution for every installation. Top System: classic forms, resistant materials. A line of simple, functional plates that can enhance every environment, bringing harmony and beauty to the entire home. Virna: plates with unmistakable modern style, created to meet the needs of contemporary design. The elegance of the rectangular form is enhanced by the lightness and simplicity of the lines which surround the command buttons. All SYSTEM domestic series plates use the same supports, without the need for additional adapters. The range also includes blank plates, contour plates and watertight plates (degree of protection IP55 with closed lid and with installation on smooth, waterproof walls without grooves i.e. smooth tiles, marble).
