

VDE flush-mounted device boxes

Bulk packaging (supplied loose)

Flush-mounted device boxes are designed for installing electrical devices in masonry. They can also be used as junction boxes by fitting a universal cover. They securely accommodate sockets, switches, network outlets and other built-in devices, ensuring firm installation in the wall in accordance with the applicable standards. The boxes have metric entries and connecting spigots on both sides for joining adjacent boxes.

HEIGHT IN MM	Ø IN MM	CTN QTY	PALLET	ARTICLE NO.
42	60	300	7,200	305042-OBJEKT
62	60	200	4,800	305062-OBJEKT

Bulk packaging consists of boxes supplied loose in a convenient outer carton. The minimum order quantity is 1 pallet or a multiple thereof.
