Diamond cutting disc

Premium

Our high-quality, high-performance diamond cutting discs are ideal for professional use. Their high-grade segments ensure excellent cutting performance and precise cuts. Depending on the version, the discs are suitable for substrates such as concrete, medium-hard to hard materials, clinker brick, reinforced concrete, masonry and calcium silicate brick. All the discs offered have been proven over many years of practical use in wall chasers and angle grinders.

CE ✓ | halogen free | silicone free

Ø IN MM	SEGMENT HEIGHT IN MM	NUMBER OF SEGMENTS	DIMENSIONS PER SEGMENT IN MM	PACK QTY	ARTICLE NO.
115	12	9	35 x 2.3 x 12	1	480200
125	12	9	35 x 2.7 x12		480201
150	12	12	34 x 2.3 x 12	1	480202
