UV-radiation causes high stress and aging of plastic in the outdoor application.

Our new THM PV labels resist these influences and are extremely durable in outdoor use.

Compact designed packaging are our TABPACK-PV. These are pre-printed warning labels, which should be a part of the basic equipment of a professional photovoltaic builder.

Your advantages at a glance:

- Weathering resistance tested according to ISO DIN EN ISO 4892-2:2013 table 3, procedure A cycle 1 at 5000 hours
- Individually labeled with the M-Print® PRO
- Easy and fast printing with the THM MultiMark
